SERVING THOSE WHO SERVE ISRAEL... FOR OVER 20 YEARS!

PizzaIDF was founded by Menachem Kuchar in 2002 as a community initiative delivering food and supplies to IDF soldiers during the Second Intifada. Now managed by his son Elisha, who has served in the IDF's Swords Of Iron campaign since October 7, PizzaIDF continues to deliver pizza, as well as falafel, ice cream, soup, sandwiches, poke bowls, holiday meals, gifts and more, to soldiers across Israel. Our mission is simple: provide delicious kosher food and show our endless love and support for the brave men and women defending the Jewish State!
